

ACROBAT™ 450/500 QUICKFIT®

TECHNICAL SPECIFICATION:

Size range: 450mm and 500mm (18" and 20")

Piping & Materials: See Welding Selection Chart

Shipping dimensions: 58" x 48" x 45"

Shipping Weight: 610 lbs.

NOTE: McElroy QuickFit® Core Package required for each of the size-specific QuickFit® tools

FEATURES:

- Modular, lightweight carriage and facer assemble around the pipe for optimal close-quarter fusion
- No tools required for assembly or conversion to 3- or 4-jaw unit
- Jaws fit 450 or 500mm pipe - no inserts necessary
- Facer blade orientation allows shavings to fall inside or outside of the pipe
- Stackable shipping container designed to store all machine components

OPTIONS:

- Machine includes 450mm and 500mm jaws, heater, and facer blade holders
- Use of the DataLogger® with the Acrobat™ series of tools will record the weld process from start to finish

ABOUT THE ACROBAT™ 450/500:

Acrobat™ machines that feature the QuickFit® carriage are size-specific and are composed of lightweight, modular components so that the upper and lower jaws can be assembled around the pipe by hand. This eliminates the difficulty of lifting and fitting an entire carriage into a small space. It will fuse pipe in any orientation that is required on plumbing, mechanical, and HVAC installations, including vertical and overhead. The Acrobat™ 450/500 size range is 450mm and 500mm (18" and 20" nominal).

QUICKFIT® 450/500 PACKAGE:

Size 450mm and 500mm (18" and 20" nominal). QuickFit® 450/500 package includes:

- 450mm tool clamps
- 500mm tool clamps
- 450/500 planer (facer) blade assembly
- 450/500 heater
- Instruction manual
